LEARNER HANDBOOK

1. Introduction

Our aim in producing this document was to create a one-stop information point where you can access all the information you are likely to need during your time with us. This Handbook and corresponding policy documents form part of your course agreement with The Tailoring Academy Ltd. ('TA').

The document gives an overview of the terms and conditions of your enrolment, and outlines what you can expect from us as your training provider. In return we ask you for a high degree of commitment, dedication and loyalty to help us achieve the aims and objectives of the TA.

I hope you find this a useful guide during your enrolment with us. However, if you are unable to find the answer to your question here, please don't hesitate to discuss your query with me.

- Criminal charge, caution or conviction
- Conflict, or potential conflict of interest

Personal data on learners is held in accordance with the provisions of the TA's Data Protection Policy which is available for inspection by you.

3. Valuing Diversity and Dignity

a. Valuing Diversity

i) Statement

TA has an Equality and Diversity policy and is committed to valuing diversity.

The TA will not tolerate direct or indirect discrimination against any person on grounds of age, disability, gender / gender reassignment, marriage / civil partnership, pregnancy / maternity, race, religion or belief, sex, or sexual orientation whether in the field of recruitment or terms and conditions of enrolment.

It is also the responsibility of all learners in their daily actions, decisions and behaviour to endeavour to promote these concepts, to comply with all relevant legislation and to ensure that they do not discriminate against co-learners, staff or any other person associated with the TA.

ii) Key Actions

In adopting these principles, the TA:

1. Will not tolerate acts that breach this policy, and all such breaches or alleged breaches will be taken seriously, be fully investigated and may be subject to disciplinary action where appropriate.
2. Fully recognises its legal obligations under all relevant legislation.
3. Will allow learners to pursue any matter through the internal policies and procedures which they believe has exposed them to inequitable treatment within the scope of this policy. You have access to the relevant policies and procedures.
4. Will select candidates only based on their ability to be successful on our programmes, using a clear and transparent process.
5. Will provide all reasonable assistance to learners who are or who become disabled, making reasonable adjustments wherever possible to provide continued enrolment. We will ensure an appropriate risk assessment is carried out and that appropriate specialist advice is obtained when necessary.
6. Will distribute and publicise this policy statement throughout the TA.

b. Dignity at the Place of Study

i) Statement

The TA believes that the learning environment should be supportive of the dignity of individuals. If a complaint of harassment is brought to the attention of the director, it will be investigated promptly, and appropriate action will be taken.

ii) Harassment

Harassment can be defined as conduct which is unwanted and offensive and affects the dignity of an individual or group of individuals.

Sexual harassment is defined as “unwanted conduct of a sexual nature, or other conduct based on sex, affecting the dignity of women and men”. This can include unwelcome physical, verbal or non-verbal conduct.

People can be subject to harassment on a wide variety of grounds including:

- race, ethnic origin, nationality or skin colour
- sex or sexual orientation
- religious or political convictions
- willingness to challenge harassment, leading to victimisation
- disabilities, sensory impairments or learning difficulties
- age

Forms may include:

- physical contact ranging from touching to serious assault
- verbal and written harassment through jokes, offensive language, gossip and slander, sectarian songs, letters and so on
- visual display of posters, graffiti, obscene gestures, flags and emblems
- isolation or non-cooperation, exclusion from social activities
- coercion ranging from pressure for sexual favours to pressure to participate in political/religious groups
- intrusion by pestering, spying, following someone
- bullying

iii) Cyberbullying

Cyberbullying can be defined as ‘the use of electronic communication, particularly mobile phones and the internet, to bully a person, typically by sending messages of an intimidating or threatening nature: victims may be reluctant to admit to being the victims of cyberbullying’.

Cyber bullying can take several different forms: threats and intimidation, harassment or 'cyber-stalking' (e.g., repeatedly sending unwanted texts or instant messages), sexting (e.g., sending and receiving sexually explicit messages, primarily between mobile phones) vilification/defamation, exclusion/peer rejection, impersonation, unauthorised publication of private information/images and 'trolling' (abusing the internet to provoke or offend others online).

It can be an extension of face-to-face bullying, with technology providing the bully with another route to harass their target.

However, it differs from other forms of bullying in several significant ways:

- by facilitating a far more extreme invasion of personal space. Cyberbullying can take place at any time and intrude into spaces that have previously been regarded as safe and personal.
- the potential for anonymity on the part of the bully. This can be extremely distressing for the victim.
- the potential for the bully to play very rapidly to a larger audience so the scale and scope of cyberbullying can be greater than for other forms of bullying.
- through the knowledge that the data is in the world-wide domain, disproportionately amplifying the negative effect on the victim, even though the bully may feel his / her actual actions had been no worse than conventional forms of bullying.
- the difficulty in controlling electronically circulated messages as more people get drawn in as accessories. By passing on a humiliating picture or message a bystander becomes an accessory to the bullying.
- the profile of the bully and target can be different to other forms of bullying as cyberbullying can take place between peers and across generations. Teachers can be victims and age and size are not important.
- many cyberbullying incidents can themselves act as evidence, so it is important the victim saves the information.

iv) What should I do if subjected to Harassment or Cyberbullying?

Harassment and bullying are never acceptable. TA fully recognizes its duty to protect all learners and staff and to provide a safe, healthy environment for everyone.

If you feel you are being harassed or bullied, you are strongly encouraged to seek early advice/support from the director, who will treat your request as confidential and deal with the incident immediately.

You should also keep a written record detailing the incidents of harassment and any requests made to the harasser to stop.

4. Health and Safety

a. Introduction

TA recognises and accepts its responsibility as a training provider to maintain, so far as is reasonably practicable, the safety and health of its learners, and of other persons who may be affected by its activities.

It is your duty as a learner not to put at risk yourself or others by your acts or omissions. You have access to and should ensure that you are familiar with the TA Health and Safety policy. Should you feel concern over any health and safety aspects affecting your study, this should be brought to the director's attention immediately.

We regularly review our Risk Assessment, which is available for your review.

b. Procedure in the Event of an Accident

An Accident Book is kept by the director, and it is the responsibility of each individual learner to report and record any accident involving personal injury. Any accident or near miss occurrence (i.e., no one was injured but the incident had the potential to injure or kill) at our premises should be reported immediately to the director.

c. First Aid

The TA believes that best practice is to ensure all learners and staff have access to a trained First Aider (someone who can take charge in the event of an accident). Details of this member of staff is displayed in our Health & Safety policy and you should familiarise yourself with their name and contact details.

d. Fire Safety

Learners should follow these steps to help prevent fires:

- Before you use any electrical appliances carry out a quick check to make sure that the cables, plugs etc are not damaged.
- Do not use any electrical equipment that shows signs of damage, even if you think it is only minor. Report any faults to the director.

Action to take when the fire alarm goes off:

- Immediately stop what you are doing and walk (do not run) to the nearest available safe fire exit. If your nearest exit/route is obstructed, choose another route. Make sure that you are aware of the fire exits and routes in your area.
- Follow the instructions of your designated Fire Warden.
- Direction signs should indicate the route to your fire exit. These comprise a

white arrow on a green background sometimes accompanied by the words 'FIRE EXIT' and a pictogram of a running man. The arrows indicate the direction of the nearest fire exit.

- Do not use a lift to leave the building - always use designated stairs.
- Make your way to the appropriate assembly point.
- Once you are at the assembly point you should report to the Fire Warden, so that they can account for the people in their designated area.
- Do not leave the designated assembly point, or attempt to re-enter the building, until you have been instructed to do so by the Fire Warden.

Action to take if you discover a fire:

- **RAISE THE ALARM!** This can be achieved by breaking the glass on the call points or by shouting the instruction "Fire – call the fire brigade".
- Raise the alarm even if your building is fitted with an automatic fire alarm system, which has not yet activated - you must not wait for it to do so of its own accord. The alarm must be raised for every occurrence of a fire, no matter how small it appears to be. This will ensure that people in the building have adequate notice to evacuate should it begin to spread quickly. In addition, modern furnishings may allow the fire to develop unnoticed, so time is of the essence if everyone is to get out safely.
- Call the fire brigade at the earliest available, and safe, opportunity and do not attempt to tackle the fire unless you have been appropriately trained and can safely do so e.g., a small fire in a wastepaper basket. Unless you have been trained you could be putting yourself or somebody else at risk.

5. Quality Assurance

TA has systems and processes in place to review and evaluate its training offer. It undertakes a programme of regular evaluations and uses feedback from independent internal verification as well as external moderation. Reviews also include feedback from learners, staff and other stakeholders.

Internal moderation is a key process carried out by TA throughout the delivery of its training offer to ensure that assessment methods are consistent across all tutors and assessors and that outcomes are fair to all learners.

6. Assessment

a. Introduction

TA's international training programme is assessed internally and externally for quality insurance (QA) purposes.

b. Student Support

TA has a Student Support Strategy, which aims to provide a clear plan for the overall organisation, management, development and resourcing of the various services which support our learners in achieving their goals.

c. Access to Assessment

TA demonstrates its commitment to ensuring that individual learners can access the qualification and assessments by recognising their diverse needs and by removing barriers wherever reasonably possible. Please consult our Statement on Access to Assessment for full details.

d. Enquiries and Appeals

TA has a Procedure for dealing with Enquiries and Appeals against internal and external assessment decisions, which is available to learners.

e. Malpractice

TA commits to notifying the approving organisation UKFT as soon as possible of any instances of suspected malpractice by learners/candidates, TA staff or others involved in the provision of assessment.

Likewise, TA will notify the approving organisation of any instances of suspected maladministration on the part of the training provider and its staff, or any other party involved in the assessment process.

TA will co-operate fully in any investigation that may ensue. Please consult our Procedure for dealing with Malpractice/Maladministration for full details.

7. Complaints

Our procedure for dealing with complaints is intended as the tool by which a learner may formally make a complaint. The TA will consider complaints regarding its regulated functions and any other service it may provide to stakeholders.

Please consult our Complaints Procedure for full details. Should it not be possible to resolve your complaint through our complaints procedure, please consult the British Accreditation Council's [Complaints Procedure](#). BAC will only consider complaints which are directly relevant to the **standards for accreditation** (see the [Accreditation Handbook](#) for details).

Policy for Attendance and Punctuality

POLICY STATEMENT

The Tailoring Academy ('TA') is committed to providing high quality training in order to contribute to our participants' success. To achieve this, we maximise learning opportunities by

- Setting high expectations for attendance and punctuality at all timetabled sessions
- Working in partnership with participants and, where applicable, their employers, to ensure good attendance and punctuality for embedding a culture of reliability and commitment
- Monitoring and taking action to improve attendance and punctuality where necessary.

OUR EXPECTATIONS AND MINIMUM STANDARD

The Tailoring Academy expects 100% attendance and punctuality at all scheduled sessions. Any participant who has not achieved at least 90% attendance without full justification will be withdrawn from The Tailoring Academy through disciplinary procedure.

Procedures and implementation:

1. Attendance will be regularly monitored throughout the programme.
2. Attendance of all participants will be reviewed each Friday during term time.
3. Participants are expected to give a good reason with evidence for any planned absence, prior to and at the earliest opportunity before the absence, to the director in writing.
4. In case of unforeseen absences, such as illness, the participant must inform the director, in writing and as early as possible, on the first day of absence and on every subsequent day unless they are signed off by a doctor for a given period.
5. Non-attendance may be dealt under The Tailoring Academy's disciplinary procedure and may result in a final written warning or expulsion.

Participants and staff are normally expected to make medical and other appointments outside the timetabled hours.

STAFF PROCEDURES AND GUIDANCE

This document covers only the most common situations that could occur. When the policy does not appear to cover an unforeseen situation, teaching staff should consult with the director.

Attendance procedure:

- The fire / attendance register must be marked in time and accurately.
- The staff member responsible for the session must complete the register markings before the end of the training day.
- If the staff member persistently fails to mark a register or marks register late, he / she may be subject to disciplinary action. Where the attendance register remains outstanding for 5 days the presumption will be for disciplinary action.
- Staff writing academic references for participant / student may refer to participant or student record of attendance.
- Participants will be withdrawn from their course / training if they fail to respond to warnings or breach the terms of their Course Agreement.
- A formal written report on a participant's attendance may be made to the participant's sponsor or his/her employer.

WHEN AUTHORISING ABSENCES TA WILL CONSIDER:

- Whether the case is reasonable
- The number of absences taken by the individual
- Repetitions of the same justification
- Whether the justification is with evidence

EXAMPLES OF LEGITIMATE REASONS FOR ABSENCE MIGHT INCLUDE:

- Medical appointments which cannot be made outside of timetabled hours

- Driving test

AN ABSENCE WILL NOT BE AUTHORISED FOR ANY OF THE FOLLOWING REASONS:

- Holidays
- Baby- or pet sitting
- Driving lessons
- Leisure activities
- Full or part-time work (other than work experience)

If a pattern of non-attendance emerges, the director will follow this up at the earliest opportunity and record information on the participant's personal file.

FURTHER STAFF RESPONSIBILITIES
